

It's hunting season in North Dakota!

Congratulations to Lucy Ellen

Lippert, Homestead Farms, Pownal, Maine for her recent purchase of EZ Gloria 1Z, 2019 Iowa State Fair Reserve Grand Champion Female. We have an impressive set of fullblood and Moderator heifers in volume. Please come and take a look!

If you're hunting for genetics that are sure to win, take aim at Bismarck, North Dakota.

This is a very special 2019 fullblood heifer calf crop with more good individuals to pick from than we've ever had before. Sired by the breeds leading fullblood sires from a cowherd that has been culled ruthlessly for 23 years.

Exceptional heifers from exceptional cows. Pick from a set of extremely attractive Moderator heifers that offer genetic diversity and stem from very strong cow families. These heifers are herd builders.

Stop in and have a look. We can help guide your heifer hunting trip.
