EZ Tenille 42F

2019 National Reserve Champion Female
She is a full sister to EZ Finesse 04F, lot 44.

2019 National Reserve Champion Pen of
Moderator Heifers

Abbey and Matt welcomed Sloan Marie
last summer. When she isn't playing with big
sister Cora, she likes to teach
Grandpa Neil how to make funny faces.

Welcome!

Sometimes it's hard to focus. Always it's hard to change. Therefore it is
always hard to focus on changing.

When your cattle enterprise is not profitable you have two choices...do
nothing and stay the same or change what you are doing or how you are
doing it. That's the hardest option but the only one that works!

We all wish for some things to be different ... the weather, the government,
the markets.

Truth is none of these things are under our control. The only thing under our
control is us, what we do, when we do it and how we do it – all the things
that human nature makes hardest to change. By definition, if you want
things to be different, you must change.

We are making some changes this year to our sale format. The sale will be
online at SmartAuctions.auction. We think Smart Auctions could present an
excellent, efficient marketing opportunity to all American Aberdeen breed-
ers. Join us in person or online. The opposite page has some pointers to
participating in the sale online.

The cattle selling in this Focus on Efficiency Sale will help you moderate
your cow size, increase fleshing ability of your replacements and lower per
head maintenance costs.

The best recommendation you can give your commercial cattlemen friends
is to use fullblood Aberdeen and Moderator bulls on their first-calf heifers
and eliminate all calving issues. Then keep the Moderator-cross heifers as
replacements to take 300 pounds off mature cow size, thereby increas-
ing carrying capacity and increasing pounds of beef weaned per acre. The
NDSU Dickinson Research Center has done it by 37% more weaning
weight per acre out of Moderator-cross calves.

We are offering maybe the best set of Aberdeen Plus, Moderator and
fullblood Aberdeen bulls we've ever had in our sale. They are semen tested
and ready to breed cows or heifers. We are also offering a great set of full-
blood females and some tremendous Moderators. The embryos in this sale
are superb – their progeny could enable you to develop one of the superior
American Aberdeen herds in America. Be sure to take a close look.

Thank you for your interest in our program. Please let us know if we can be
of any assistance.

Sincerely,
Neil and Jan Effertz

E Z *Sale Information* RANCH H

May 24 – June 1, 2019 on SmartAuctions.auction

Sale Day Phones: 701-471-0153 • 701-471-0152

This year's Focus on Efficiency Sale is taking a new twist. With an eye on marketing efficiency, the sale will be conducted online at SmartAuctions.auction. You can bid on your home computer, your smart phone or you can be with us sale day and bid with the aid of our clerking staff right in our sale barn. The last option gives you the opportunity to see the sale cattle in person and adjust your bids as the auction goes on.

SmartAuctions

Problem? Call Smart Actions 866-419-6279.

All lots will sell in a timed auction hosted by SmartAuctions.

Text "EFFERTZ" to 52182 from your smart phone or visit www.smartauctions.auction to access the auction that begins May 24.

Auction will begin closing June 1, 2019 @ 2pm CT and will have a race horse style finish. When closing begins at 2pm CT the countdown clock will set back at 5 minutes each time someone places a bid, keeping all of the lots open, until bidding stops for 5 minutes.

SmartAuctions is a very easy to use platform and we want it to be simple for you so please contact SmartAuctions with any questions. Questions or problems: SmartAuctions 866-419-6279

OFFERING 44 LOTS OF FULLBLOOD & MODERATOR ABERDEEN CATTLE & EMBRYOS

DIRECTIONS TO THE RANCH:

Effertz EZ Ranch is about 16 miles north of Bismarck, ND, on Highway 1804. From Bismarck, take Highway 83 north for 4 miles to the junction of Highway 1804. Stay on Highway 1804 for 12 miles as you go west then north along the Missouri River. The ranch is on the west side of the road between mile markers 95 and 96.

VIDEO AND ONLINE UPDATES:

We will have video of most of the sale cattle on our website www.effertzezranch.com. We will also update the online supplement sheet with calving and breeding dates and new photos. Check the website often for new information.

AREA MOTELS:

Americinn Lodge and Suites 701-250-1000
3235 State St., Bismarck ND (Ask for the Effertz EZ Ranch block of rooms)

Wingate by Wyndham 701-751-2373
1421 Skyline Dr., Bismarck ND

Rooms are still difficult to find in Bismarck so we recommend early reservations. Let us know if you are having trouble finding a room.

BUYERS CONSULTANT:

Dean Pike, American Aberdeen Association 303-810-7605 cell
If you would like to discuss the sale cattle, we urge you to call Dean Pike. He is an experienced cattleman and field representative and a valuable resource for American Aberdeen breeders. He will discuss the sale cattle with you and help you with your selections.

TRUCKING: We will assist buyers in coordinating transportation.

HERD HEALTH:

Yearling heifers and cows have all been calfhood vaccinated for Bangs. The yearling heifers have had our preweaning vaccination program of Virashield Plus Somnus and Ultrabac 7. The calves and yearling heifers have been vaccinated with moraxilla bovis for pinkeye. The heifers and cows have been vaccinated with Virashield VL6. All cattle have been poured.

INSURANCE:

Livestock insurance will be available at the settlement desk for those buyers wanting to insure their purchases. We ask any buyers who leave their purchases at the ranch more than a day or two to insure them.

BREEDING GUARANTEE:

All cattle sell fully guaranteed. Bulls have been semen tested and are ready to go to work. For a copy of our guarantee, go to our website.

Schedule of Events

Some traditions continue. We hope you will join us on the ranch May 31 and June 1 to view the sale cattle, enjoy meeting fellow cattlemen and learn from experts at our Breeder's Seminar.

FRIDAY, MAY 31

See the Aberdeen advantage in action – tour the ranch and our fullblood and Moderator herds and herd bulls. Join us for an Aberdeen beef dinner at 6 PM.

SATURDAY, JUNE 1

10:00 A.M. Craig Reiter, co-owner of Smart Auctions will be here to explain a new marketing option for Aberdeen breeders – online auctions, a lower overhead way to market your genetics to the highest bidder.

Craig Reiter is a 27-year veteran of the premium livestock marketing business. Craig is the managing partner of PrimeTIME AgriMarketing Network, a livestock auction management and marketing company, and Smart Auctions, its digital, timed auction subsidiary.

In 2014, Craig and his partners launched a new, mobile platform for timed auctions that is known today as Smart Auctions. This unique platform has enabled breeders of all sizes and types to efficiently produce successful auctions that they otherwise may not have been able to due to size, location, budget, or other factors. Smart Auctions and it's timed, mobile format changes many dynamics found in the traditional auction format and clears several obstacles that producers have sometimes had when trying to sell their items to the highest bidders. Thanks to Smart Auctions, it is now possible to host auctions anytime, anywhere for a fraction of the cost you may expect.

11:00 A.M. A representative for IMI Global (Where Food Comes From) will explain the new Aberdeen Premium Beef Source, Age and Breed Verification Plan for all commercial customers of registered Aberdeen bulls.

This stout made, heavy muscled Sundance son is impressing us with every calf. They are thick, vigorous at birth and look like they are going to have some excellent performance coupled with traffic stopping eye appeal. He is out of a tremendous Black Master daughter who won her division in Denver. This is his first calf crop.

Cooper is a powerful double halfblood Copper son that traces to Gus and the \$17,000 Legend. He incorporates one of our strongest red cow families into his calves. This is his first calf crop.

Boxcar, the 2012 National Reserve Champion Bull has grown into an even more impressive herd bull. He is sound, athletic and maintains tremendous body condition in heavy natural service. We've used him on fullblood and percentage females for six years and have yet to assist a birth. He sired the winningest show heifer in the breed in 2017. His calves are sound, balanced and well muscled.

All Jacked Up is the most consistent sire we have ever used. He is out of the renowned Kobblevale Surprise and by the Australian champion Jackaroo. He contributes growth, length and muscle to his very attractive calves and they come easy. His daughters have been in production for three years – they milk very well and have good udders. His calves excel in the show ring but are also very practical cattle to have around the ranch. We have 20 daughters retained in the herd and are using four sons as herd bulls.

All In is very complete and well balanced, one of the nicest fronted, structurally correct fullblood herdsires we have ever used. As 2016 National Calf Champion, he looked great. We used him all summer and he went on to win the American Royal in October - still looked great. He is pictured as a 2-year-old on pasture after breeding for over a month in the most severe drought we've had in decades. He is sound, athletic and maintains his flesh and terrific conformation.

Y1 Salers X Angus

Salers S32

Lot 19A: Black halfblood heifer calf EZ149G born 5/10/19 BW: 69# sired by EZ Clark 112C MM37567. Here's a powerfully well made red halfblood Marco daughter from a Salers Angus base whose spectacular black heifer calf by EZ Clark 112C can really tell the story of successful crossbreeding using quality American Aberdeen genetics. One look says it all.

Lot 21A: Red heifer calf EZ126G born 4/30/19 BW: 50# sired by EZ Cooper 165D MM35651. Luisa is a very well made, moderate, super efficient 5/8 Luke daughter that obviously carries the red gene. Her red heifer calf by Cooper is getting it done. Her dam is out of a National Champion Female, EZ Penny 128K.

Lot 21

This is a picture of an efficient cowherd. It was taken at our ranch in February a couple of years ago when it was 5 degrees and the windchill was about 20 below. As you can see, our American Aberdeen cows are in good shape and are content. The cows were still out picking on a stubble field. We supplemented them with about 12#/head/day of hay, roughly 50% less than the hay other North Dakota cattle operations feed throughout the winter months. This cowherd has allowed us to do MORE WITH LESS.
